

Name: _____ Date: _____ Period: _____

Organic Chemistry Unit Vocabulary

Directions: **DEFINE** the following words and include an **EXAMPLE** for each, or a **PICTURE**, using the Interactive Reader or Textbook.

1. Hydrogen bond

8. Base

2. Cohesion

9. pH

3. Adhesion

10. Monomer

4. Solution

11. Polymer

5. Solute

12. Carbohydrate

6. Solvent

13. Monosaccharide

7. Acid

14. Polysaccharide

15. Disaccharide

16. Lipid

17. Fatty acid

18. Cholesterol

19. Hydrophobic

20. Hydrophilic

21. Protein

22. Polypeptide

23. Peptide bond

24. Amino acid

25. Nucleotide

26. Nucleic acid

27. Gene

28. Catalyst

29. Activation energy
